

To coach the Team

How can you show your intent to really understand why something is important to the business?

How can you be clearer on what you are missing to be able to deliver more value?

How can you be clearer on what Business Owners will get and not get?

How can you understand better how your work contributes to Business Strategies and Objectives?

How can you contribute to a collaborative conversation with the Business Owners?

How can you utilize Business Owners throughout the entire PI Planning event?

How can you, in early stages of Team Breakouts, reflect and better understand on your works contribution to the Business? Who can help you with that?

How can you increase the trust in your relationship with the Business Owner?

To coach the Business Owners

How can you show you intent to understand rather than pushing for more when reviewing PI Objectives with the team?

How can understand better what the team is missing to be able to deliver more value?

How can you, in conversation with the team, better understand what you will and will not get?

How can you help the team understand how their work contributes to Business Strategies and Objectives?

How can you contribute to a collaborative conversation with the Team?

How can you support the Teams throughout the entire PI Planning event?

How can you increase the trust in your relationship with the Teams?

How can you make the Team proud of their commitment when reviewing their Objectives during PI Planning?
